“ The unique Noosa region is a melting pot of legendary points and awesome beach breaks and as such, I rate it as one of the best places in the world to put your equipment to the test. Dave and I have put in countless sessions to produce a range of boards that I am proud to put my name to, and stoked to be riding. **Josh Constable** 2006 ASP World Longboard Champion

JC and I have been surfing and experimenting with designs together as mates for the best part of a decade. When he approached me about collaborating on the Noosa Longboards range, I jumped onboard immediately. As a shaper, the feedback you get from great communicators like Josh, is critical to the performance of the end product, and it shows itself in this range. ”
Dave Boyd Designer / Shaper

JC PRO
 Ultimate hi-performance board. Pulled-in nose for whipping it round, double concave accelerator, extensive rocker for that shortboard feel, heavy nose concave with specialty beveled edges for extra lift and hot noseriding. Speaks for itself.
 SIZE 9'1"

JC LOG
 The step deck gives new meaning to glide. Extra foam under your chest for awesome paddle power, slightly thinner rails, nose and tail for ultra smooth turns, tail edges for squirt and drive. Noserides out of this world - fully tested at First Point. You'll love this mother.
 SIZES 9'3", 9'6", 10'

FIRST POINT
 Classic 50/50 rails, nose concave and a Californian chop square tail. Built to get the most insane tip time. Like they say: "Stand tall and do nothing at all!"
 SIZES 9'6", 9'8", 10'

NATIONAL PARK
 Perfect all rounder to suit all abilities and conditions. Mid rocker for easy paddling, nose concave for noserides on demand and a rounded pin for smooth, responsive turns. You'll store some great memories in this stick.
 SIZES 9', 9'3", 9'6"

TEA TREE
 Sweet hi-performance noserider. Super wide nose and a pulled-in tail, purpose-built entry rocker to noseride unbelievably. Step back on the tail and jam smooth curves back to the pocket. This board has it all.
 SIZES 9'1", 9'3", 9'6"

JAILHOUSE
 Easy rider, hi-performance board for big arcs. Mid rocker with a pulled-in nose for on edge turns, solid nose concave with a beveled edge upfront for a bit more lift and mixing it up. Comes into its own when it over shoulder high.
 SIZES 9', 9'4"

GRANITE BAY
 The perfect board for overhead beachies, grinding reefs or when the points are on fire. Balanced thickness for paddle power and getting in nice and early. This board is so responsive you'll be throwing buckets.
 SIZES 7'6", 8'

NLB RETRO SERIES
BOILING POT
 Performance Fish. When I'm not on a longboard this is one of my first choices. Soft rails with tucked under edges for drive. Light under foot and will go just about anywhere. Plenty of thickness for super speed in the tin. Cut the mustard on this baby.
 SIZES 5'8" - 6'6"

THUNDABIRD
 Twinzer. Retro shorty for all occasions. Curvy outline, full nose. Ride as a twin fin if you desire. Motors at Tea Tree Bay, full arc cutties, foamy rebounds. All good, in fact better than a Massimos ice cream.
 SIZES 5'8" - 6'6"

SCRUB TURKEY
 Diamond Tail Egg. Also available in Round Tail. Nice one for cruisers and the girls alike. Fleet-footed and easy on the legs. Tested at Jannos, it really hangs in. Rolled rails and plenty of rocker, roundhouse cutties a pleasure. Humpty Dumpty would rip on this.
 SIZES 6'6", 6'8", 7'

HARPO
 70s Diamond Tail. Snappy little shooter. Nice edges and plenty of curve. Will sit on a rail, smooth through turns with better exit speed than my V8 Valiant. Produces the goods no matter what the conditions.
 SIZES 6'2", 6'4", 6'6"

UPRIGHT - SUP
 For those who want to be on it everyday. From flat water to rolling points. Nose concave for tip time. Double concave and a vee running through the tail. One of the most impressive SUPs on the market. Pick up your paddle and lay it over.
 SIZES 10', 10'6", 11'
